STAFF REVIEW · H446 048 source models

Separate from the eight-page pupil workbook. This copy is in a public repository and is NOT access controlled. Check technical correctness before use.

Printed question mapping: Booklet Q1 = original online Q1; Booklet Q2 = original online Q2; Booklet Q3 = original online Q3

Do Now — source answers

1. Number of elements in the array.

2. First item is at index zero.

3. Two references identify the same object.

4. No rising clock edge samples D while it is 1. The flip-flop holds Q=0 between active edges and samples 0 at the next rising edge.

I Do — source worked steps

1. Trace and justify — After Insert: [1,2,5,7]; RemoveAt(3) removes 7; final [1,2,5].

We Do — guided CHECK

1. Trace and justify
[3,9,12]. Add appends 12; Remove(6) removes matching value 6, unlike RemoveAt(6).

You Do — source mark schemes

1. [4,6,8,12] after Insert [3]; [4,6,12] after RemoveAt [3].

2. Remove(5) finds first value5 [2] → [2,5,9] [1]; RemoveAt(1) removes item at index1 [2] → [2,5,9] [1]. Same final list here but different selection rule.

3. list.Insert(0,0) [2]; list.Add(4) [2]; Count=5 [1]; dynamic size [1].

Exit Ticket — source answer

1. False. It removes the element whose index is 5.
